In the middle of the night (repeat 3 times)

You lied and deceived me
In many, many, different ways
I tried ti believe in
Everything you did or said

So now when you're calling
Don't try to make a fool of again
(In the middle of the night)

Chorus:
In the middle of the night
I'm never gonna be, I'm sorry
Cause I've heard it all before
In the middle of the night
I'm never gonna be I'm worried
In the middle of the night

Verse:
You want my forgiveness
But I don't wanna hear it now
To giva and to take it
What you have to learn about

So now when you're calling
Don't try to make a fool of me again
(In the middle of the night)

Chorus:
In the middle of the night
I'm never gonna be, I'm sorry
Cause I've heard it all before
In the middle of the night
Never ever gonna feel I'm worried
In the middle of the night
