There's thing that has never changed,  
The dream I've always had,  
How did I look to those eyes when I was a child,  
Hey, Look up at the sky,  
The sky at night is so wide,  
Yes, So that, You can find it right away  
I will shine all I can,  
So find the Full Moon quickly

Let's sing a song

Were always together  
I'll do all I can do for you,

Day by Day

My fte until today,  
My hope from tomorrow I will hold in my heart

Let's sing a song

If were always together  
We can over come anything

More and More

I want to get close to you, closer, and closer and closer  
I'm so glad you're here with me,  
Many thanks for you!  
As strange encounters came and went  
I had more precious things to hold  
Coincidences, mischievous days  
I can love with a smile,  
Yes, I always yearded for the big stage  
I'm no longer alone,  
Everyone is smiling  
Is this where I belong?

Let's sing a song

Tonight makes me shine,  
More than the spotlight,

Day by Day

Passionate looks and cheers  
My dripping sweat shines

Let's Sing a Song

Tonight will never change,  
I want to believe that passionate love exist,

More and More

I want to cry out,

More and More

This song,  
This dream will not end,  
I'm so glad you're here with me,  
Many thanks for you!
