D: Herb wassup

H: Dana where you been

D: Yo the limo came late man I just stepped in

H: Well lets start this show the people's gettin upset

Tell 'em what this be

D: Okay Herb, bet

Let this be the reason for all man kind

Your taste buds will just love our well-seasoned rhymes

That I recite on the mic making you get hyper than

You've ever been cause I'm Dane I'm on the mic again

Rappin up a storm (aw come on)

yo herb (huh) tell 'em what's goin on

Now what we have here is the best jam of the year

Top security for your assurity I swear

Me and Dana is maxin hard (cold chillin)

If you wanna flirt fly girls we're willin

Who me? I'm Herb B love but word see...

I've been rappin for years, but no one's heard me
rhyme

Because I spent most of my time produc'n other groups

But now I'm goin for mine

Now you'll dance (glide) you'll move with pride
And you don't stop movin even though you try
You wont (you cant) you'll huff (and pant)
And we want more (we'll be your chant)
So you'll wait (you hos) while i you scope
Prayin for another rhyme that's just as dope
But you're tired (waxed) bored hit is the facts
Just like sex you want your climax
And sure as I'm Dana Dane with fame
When it comes you'll know it came
Cause a sigh of satisfaction will be exhaled
Now all at once you all will yell
We wanna party, we wanna party
(We wanna party, we wanna party)
I said we wanna party, we wanna party
(We wanna party, we wanna party)
Yes we're gonna party if ya like it or not
I don't care if you're tired or burnin hot
Dana Dane and I came here to drop
(Dope def rhymes on the spot)
In effect, you can bet, two great poets
And my man Clark Kent on the DJ set
Yes we're gonna party till you're out of breath
And the drums seem like its gonna beat ya to death
Have ya screamed or hollered throughout this show
(Yo are we gonna party) Now Herb you know

We'll make them dance ('till their legs get weak)

But they'll still refuse to go grab a seat

Party hard (G) and that we will

And there'll be no reason, for you to get ill

Cold drinks at the bar, sounds up to par

And for your entertainment we are you stars

Now I like juice and alcohol

And I wanna little feed back from you all

Say we wanna party, we wanna party

(We wanna party, we wanna party)

I said we wanna party, we wanna party

(We wanna party, we wanna party)
