### "Alameda Hill"

Leave a car at the bottom, take the other to the top.  
Scream and yell all you want I guarantee the fun won't  
stop  
Dodging cars is lots of fun, see a cop you better run  
Me and God and all my friends, seems like this fun just  
never ends

Skateboard, down the hill again, Skateboard, till 4 AM

Watch out for cars, there's a few along the way  
Might get some speed wobbles, but that's ok  
Go to king soopers and get a snack,  
Look at the magazines and then go back

Alameda- bomb the hill, Alameda- what a "thrill"
