Been scared and lonely  
I've asked myself  
Is something wrong with you  
My girlfriend told me  
I need some time alone to deal with issues

Something makes me carry on  
It's difficult to understand  
What I always wanna find

I do it for the drugs  
I do it just to feel alive  
I do it for the love  
That I get from the bottom  
Of a bottle

You always call me  
And ask me how I make it through the day  
I'm always fallin  
I guess it's just god's way of  
Making me big

Something makes me carry on  
It's difficult to understand  
What I always wanna find

I do it for the drugs  
I do it just to feel alive  
I do it for the love  
That I get from the bottom  
Of a bottle

I do it for the drugs  
I do it just to feel alive  
I do it for the love  
That I get from the bottom  
Of a bottle

And I,  
I wonder why I try  
And I,

Wonder why I bother  
And I,  
I wonder why I cry  
Why I,  
I go through all this trouble

I do it for the drugs  
I do it just to feel alive  
I do it for the love  
That I get from the bottom  
Of a bottle

I do it for the drugs  
I do it just to feel alive  
I do it for the love  
That I get from the bottom  
Of a bottle
