Some days are better, they're better than others  
Can't run forever, you're pushing me under  
What a way to live my life  
I'm hiding from the battles, I don't want to fight  
What I've become

And now it's going gray  
All the lines are blurring and decayed  
I can't recall exactly who's to blame anymore

Is it me or is it you, something isn't right  
Of all the things that we could do, we just wanna fight  
Someday, I will find the courage to embrace you  
Someday, I will find the strength to erase you

Some days I think, I'm nothing without you  
Sometimes I wish that I could just kill you  
What a way we live our lives  
It's hard to breathe  
It feels like I'm infected by my dad's disease

And now it's going great  
And you're the one, I chose to feed me pain  
And I'm the one, you bring home so ashamed through  
their eyes

Is it me or is it you, something isn't right  
Of all the things that we could do, we just wanna fight  
Someday, I will find the courage to embrace you  
Someday, I will find the strength to erase you

And I can see myself in Heaven  
If I can free myself from this hell

Is it me or is it you, something isn't right  
Of all the things that we could do, we just wanna fight  
Someday, I will find the courage to embrace you  
Someday, I will find the strength to erase you  
To erase you, to erase you
