You come up to me, tell a dirty joke.
You're trying to be funny, but you know what?
It's not funny, it's just gross.
Does everything you say have to be so filthy?

I don't think your jokes are funny.
Being a pervert is no joke
You're a pottymouth and I see no humor in your
disrespectful jokes

Pottymouth - I don't think your jokes are funny,
Pottymouth - I don't want to hear you curse
Pottymouth - I don't have to listen to it,
Pottymouth - your cursing's really gotten to me

Ready everybody?
It's time to wash your potty mouth's clean!

Before you speak again - wash your mouth out with
soap
Before you curse again - wash your mouth out with
soap
If you curse again - wash your mouth out with soap
Before you curse again - think about the soap
THINK ABOUT THE SOAP everything will be OK
Just pray real hard and tough it out, Ya everything will
be OK
