If you can't read in my mind I'll let you in your mistakes  
If the blue sky slowly turns to red I'll let you burn  
If the knights of death come I'll let you turn to dust  
If my life is waisted, I'll find another reason to live!  
Here in my head you have crossed the line

Now I'll never forget  
I'm falling into pieces  
Now I'll never forget  
What you have done of my life I will never forget

You've turned the truth into a lie  
Illusion's coming cling to a dream.

I see in your eyes, in your feelings!

In your state of mind you don't care but your little life  
I just think about the time I've become one day your  
enemy  
If your heart is broken, I'll burn it by myself  
If you stay forsaken, I'll take my own way cause

I see in your eyes, in your feelings!
