[Intro:]

Something that I all too often forget is that I love my
f*cking life.

I hear that

Smiler

[Verse 1:]

I'm hungrier than ever, coming for your cheddar,
It's peak when I brainstorm, bring an umbrella,
Sell a, parcel, sell out - never,
From the city of god like I was raised in a favela,
Smiler got the vocals that'll burn in ya set,
The illest, more British than the f*ckin' Burberry check,
I'm king Zeus, so you see my friends all gods,
I'm Phil Collins B, against all odds,
I'm Lino Lacedelli after climbing the K2,
Haters question will he ever sign will he breakthrough
And then they show me love and gimme hugs when I
skate through,
Supporters tell me, Smiler you're the best, never make
do,
So when the verse drop now and man hears "bravo"
It's first round knockout, the Amir Khan flow,
Truth is I made it to the stage from the block I suppose,
Now I'm feeling I'm on top of the globe, let's go!

[Chorus:]

Another day in the life of me,
This is the life I lead,
And if you're looking through my eyes,
There's no one else in sight,
Hello, hello, can anybody hear me..? (Can you hear
me?)
Cause I'm on top of the world
I'm on top of the world
I'm on top of the world
I'm on top of the world
I'm on top of the world

[Verse 2:]

I'm way up in the clouds, I ain't coming down either,

Ask Jay and Kanye who run the town, Smiler!
I made it from the block with hard prayer,
Been on the dock longer than the yachts in Marbella,
Now my wings spread like the bird on ya Lyle & Scott
Crest
The bottom sucks B, can I reside on top? "Yes"
A child o' destiny, next to be chosen,
So I watch X-factor just for Kelly Rowland,
Yo we about to win, get a glass out kid,
More money more problems so I blast out big,
Never mind the competition, they'll be cast out quick,
Like my feature in the pass out vid,
I chew my own lane like a game of Pacman,
Look at what I got from no Robin, I'm Batman, truth is,
I made it to the stage from the block I suppose,
Now I'm feeling I'm on top o' the globe... let's go!

[Chorus:]

Another day in the life of me,
This is the life I lead,
And if you're looking through my eyes,
There's no one else in sight,
Hello, hello, can anybody hear me..? (Can anybody
hear me?)
Cause I'm on top of the world
I'm on top of the world
I'm on top of the world
I'm on top of the world
I'm on top of the world

Ayo Pro!

[Verse 3: Professor Green]

Like it love it or hate it,
It's a b*tch, ain't it?
From how I can treat the car showroom like an Avis,
I tend to use my right arm whenever I'm waving,
Cause I'm aching from waving with my left arm
Due to what my watch is weighing,
I'm saying, my watch is heavy if you don't get it forget
it,
I've always been more leg it then legit,
A reputable eligible bachelor credible I ain't,
I ain't credible - b*tch I'm incredible,
I don't know if it's the wage or the venomous pace I lay
flows at,
All I know is that I'm in an incredible space,
I don't need for nothing don't normally floss,
I must have some food in my teeth or suttin',
Tooth pick before I skin 'em still 'em rock denim
It's hot stop do not tell 'em, I hook venom in my verses,

I'd rather them find out,
No referee needed, there won't be no time out, mind
out

[Chorus:]

Another day in the life of me,
This is the life I lead,
And if you're looking through my eyes,
There's no one else in sight,
Hello, hello, can anybody hear me..? (Can anybody
hear me?)
Cause I'm on top of the world
I'm on top of the world
I'm on top of the world
I'm on top of the world
I'm on top of the world
