All beauty  
All fade away  
Borrowed

All moonlight return today  
Borrowed

All sunrise all shooting stars  
Borrowed

All earth  
Bound bare feet in clay  
You know we're standing on

Borrowed  
Borrowed heaven  
Borrowed  
Borrowed heaven

All heartache  
All rivers cried  
Borrowed

Don't stay out too late tonight  
Borrowed

I love you  
Don't wanna die  
Borrowed

You taste like paradise  
I know I'm breathing in

Borrowed  
Borrowed heaven  
Borrowed  
Borrowed heaven

Borrowed  
Borrowed heaven  
Borrowed

Borrowed heaven

You gave me life and I will give it back  
But before I do I'm gonna hold it tight  
This is my prayer

All body  
All skin  
All bone  
Borrowed

All silky  
All smooth and warm  
Borrowed

All pleasure  
All pain are one  
Borrowed

Almighty  
I stand alone  
I know I'm living in

Borrowed  
Borrowed heaven  
Borrowed  
Borrowed heaven

Borrowed  
Borrowed heaven  
Borrowed  
Borrowed heaven

Borrowed  
Borrowed heaven  
Borrowed  
Borrowed heaven

Borrowed  
Borrowed heaven  
Borrowed  
Borrowed heaven

Borrowed  
Borrowed heaven  
Borrowed  
Borrowed heaven
