[MADONNA:]

Hello and goodbye  
I've just unemployed you  
You can go back to school  
You've had a good run  
I'm sure he enjoyed you.

Don't act sad or surprised  
Let's be friends, civilised.

Come on little one  
Don't sit there like a dummy  
The day you knew would arrive is here, you'll survive,  
So move funny face.

I like your conversation  
You've a catchy turn of phrase  
You're obviously going through some adolescent  
phase.

[ANDREA:]

So what happens now?  
So what happens now?  
Where am I going to?

[JONATHAN PRYCE:]

You'll get by you always have before

[ANDREA:]

Where am I going to?

[MADONNA:]

Don't ask anymore.
