It doesn't really matter now you're gone
You never were around that much to speak of
Didn't think that I could live without you, baby
It couldn't be that hard to live alone

But I'm all, all alone again
Thinking you will never say
that you'll be home again

And it's gonna be a long night
And it's gonna be cold without your arms
And I'm gonna get stage fright caught in the
headlights
It's gonna be a long night
And I know I'm gonna lose this fight

Once upon a time we fell in love
And I thought that I would be the only one
But now I'm on, I'm on my own again
Thinking you will never show
you won't be home again

And it's gonna be a long night
And it's gonna be cold without your arms
And I'm gonna get stage fright caught in the
headlights
It's gonna be a long night
And I know I'm gonna lose this fight
Lost in you arms baby
Lost in your arms

Now I'm on my own again
Thinking you will never show
you won't be home again

And it's gonna be a long night
And it's gonna be cold without your arms
And I'm gonna get stage fright caught in the
headlights
It's gonna be a long night
And I know I'm gonna lose this fight

I'm gonna get stage fright caught in the headlights

It's gonna be a long night
And I know I'm gonna lose this fight
I'm lost in your arms baby
Lost in your arms
