Lyrics & music by: the corrs transcribed by: peter shevlin

I would love to love you like you do me,  
I'd love to love you like you do me,  
There's a pillar in my way you see,  
I'd love to love you like you do me,

I, met you on a sunny autumn day,  
You instantly attracted me, when asking for the way,  
God if i had known the pain i'd make you feel,  
I would have stopped this thought of us, and turned  
upon my heel,

Though you should leave me,  
Time make it be alright,  
Though you must leave me,  
Time will help you see the light,  
You don't need me,  
Time make it be alright,  
Though you must leave me,  
Believe me when i tell you,

I would love to love you like you do me,  
I'd love to love you like you do me,  
There's a pillar in my way you see,  
I'd love to love you like you do me,

You recognised my barrier to love,  
I know there's nothing worse than unrequited love,  
unrequited love,  
So i prayed to god that i could give the love you gave to  
me,  
But something's lying in my way, preventing it to be,

Though you should leave me,  
Time make it be alright,  
Though you must leave me,  
Believe me when i tell you,

I would love to love you like you do me,

I'd love to love you like you do me,  
There's a pillar in my way you see,  
I'd love to love you like you do me,  
I would love to love you like you do me,  
I'd love to love you like you do me,  
There's a pillar in my way you see,  
I'd love to love you like you do me,

Break those pillars down,  
Break those pillars down,  
Take those pillars down, down, down,  
Oh, take those pillars down,  
Love to love you like you do me,  
Break those pillars down,  
Love to love you like you do me,  
Oh take those pillars down,  
Love to love you,  
Love to love you,  
Love to love you,  
Love to love you,  
Take those pillars down,  
Love to love you,

Fade out
