You let an open window breathe over your bed  
Whisper in the moonlight the miracle of life

Synchronized emotion  
No better left defied  
Harmony in motion  
The miracle of life

And oh  
Precious and lovely you are  
Cherished as only you are  
Not born but already changing our world

Beautiful boy  
(Beautiful)  
(Wonderful miracle)

Beautiful boy  
(Beautiful)  
(Wonderful miracle)

I want for you the ocean  
Filled deep with all your dreams  
No feeling left unopened  
The miracle of life

And oh  
How precious and lovely you are  
Cherished as only you are  
Not born but already changing our world

Beautiful boy  
(Beautiful)  
(Wonderful miracle)

Beautiful girl  
(Beautiful)  
(Wonderful miracle)

Oh  
So precious and lovely you are

So cherished as only you are  
Not born but already changing our world  
(Already changing our world)

Beautiful girl  
(Beautiful)  
(Wonderful miracle)

Beautiful boy  
(Beautiful)  
(Wonderful miracle)

And when it comes to loving we'll give all we've got  
(Beautiful)  
(Wonderful miracle)  
Beginning at the bottom  
(Beautiful)  
(Wonderful miracle)  
We're never gonna stop little one  
(Beautiful)  
(Wonderful miracle)

Oh  
Yeah  
Yeah  
Beautiful  
Yeah
