I wanna feel just like before  
I wanna feel just like before  
Before the rain came in my door  
Before the rain came in my door  
Shook me up, turned me 'round  
Shook me up, turned me 'round  
Made me cry 'til I would drown  
Made me cry 'til i would drown  
Stole the daylight brought them nights  
Stole the daylight brought the nights  
So much anger I would fight  
So much anger i would fight  
Lost my youth, I'm in the blue  
Lost my youth, amid the blue  
Saw all the loneliness in you  
Saw all the loneliness in you  
Want to help you, give you love  
Want to help you, give you love  
Turn some light out from the mud  
Shine some light out from the mud  
Build the empty final rhyme  
Fill the empty, find a rhyme  
A brighter day, a better time  
A brighter day, a better time  
But I'm wondering where I'm gone  
But i'm wondering where i'm gone  
Can't find the truth within my song  
Can't find the truth within my song  
All I have I'll give to you  
All i have i'll give to you  
To let you know you're not alone  
To let you know you're not alone

I'm telling you  
I'm telling you  
Smiling for you only  
Smiling for you only  
I'm trying for you solely  
I'm trying for you solely  
I'm praying for you only  
I'm praying for you only

No more cry, no more cry  
No more cry, no more cry

I want to hear you laugh again  
I want to hear you laugh again  
Don't allow the ache to bring you down  
Without the ache to bring you down  
No, we'll never be the same  
No, we'll never be the same  
If only I could take your pain  
If only i could take your pain  
If it's true what people say  
If it's true what people say  
There still is beauty in each day  
There still is beauty in each day  
We find comfort in her strength  
We find comfort in her strength  
And wonder soon we'll meet again  
And one day soon we'll meet again

I'm telling you  
I'm telling you  
Smiling for you only  
Smiling for you only  
I'm trying for you solely  
I'm trying for you solely  
I'm praying for you only  
I'm praying for you only  
No more cry, no more cry  
No more cry, no more cry  
I'm singing for you only  
I'm singing for you only  
Hey, I'll be weary for you only  
Hey, i'll be weary for you only  
I'm praying for you only  
I'm praying for you only  
No more cry, no more cry  
No more cry, no more cry

Reach out for your love (love)  
Reach out for your love (love)  
Shout out for your love (love)  
Shout out for your love (love)  
You'll send for your love (love)  
You'll send for your love (love)  
Believe in her love  
Believe in her love

I'm telling you  
I'm telling you  
I'm telling you

I'm telling you  
Smiling for you only  
Smiling for you only  
I'm trying for solely  
I'm trying for solely  
I'm praying for you only  
I'm praying for you only  
No more cry, no more cry  
No more cry, no more cry  
I'm singing for you only  
I'm singing for you only  
Hey, I'll be weary for you only  
Hey, i'll be weary for you only  
But it's you 'saved me from lonely  
But it's you 'saved me from lonely  
No more cry, no more cry  
No more cry, no more cry  
No, no more cry (No more cry)  
No, no more cry (no more cry)  
No more cry (No more cry)  
No more cry (no more cry)  
No more cry (No more cry)  
No more cry (no more cry)  
No more cry (No more cry)  
No more cry (no more cry)
