

## Corrs, The "One Night"

Visit "[One Night](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Long day and I'm ready  
Long day and i'm ready  
I'm waiting for your call  
I'm waiting for your call  
'Cause I've made up my mind  
'cause i've made up my mind  
My heart aches with a hunger  
My heart aches with a hunger  
And I want that you were mine  
And the want that you were mine  
No I cannot deny  
No i cannot deny

So for one night  
So for one night  
is it all right  
Is it all right  
That I give you  
That i give you

My heart  
My heart  
My love  
My love  
My heart  
My heart  
Just for one night  
Just for one night  
My body  
My body  
My soul  
My soul  
Just for one night  
Just for one night  
My love  
My love  
My love  
My love  
For one night  
For one night  
One night

One night  
One night  
One night

When morning awakes me  
When morning awakes me  
Well I know I'll be along  
Well i know i'll be alone  
And I feel I'll be fine  
And i feel i'll be fine  
So don't you worry about me  
So don't you worry about me  
I'm not empty on my own  
I'm not empty on my own  
For inside I'm alive  
For inside i'm alive

That for one night  
That for one night  
It was so right  
It was so right  
That I gave you  
That i gave you

My heart  
My heart  
My love  
My love  
My heart  
My heart  
Just for one night  
Just for one night  
My body  
My body  
My soul  
My soul  
Just for one night  
Just for one night  
My love  
My love  
I loved  
I loved  
For one night  
For one night  
One night  
One night  
One night  
One night

[Guitar Solo]

For one night  
For one night  
It was so right  
It was so right  
That I gave you  
That i gave you

My heart  
My heart  
My love  
My love  
My heart  
My heart  
Just for one night  
Just for one night  
My body  
My body  
My soul  
My soul  
Just for one night  
Just for one night  
My love  
My love  
I loved  
I loved  
For one night  
For one night  
We loved  
We loved  
One night  
One night  
One night  
One night  
One night  
One night

[Fade]
