They're going crazy in the middle of the night
They're going crazy in the middle of the night
They're slipping and sliding into heavenly bliss
They're slipping and sliding into heavenly bliss
Falling angels are spinning from the lights
Fallen angel are spinning from the lights
Slipping and sliding into heavenly...
Slipping and sliding into heavenly lace

But it's all, it's all right now
But it's all, it's all right now
'Cause we're living for this night for so long now
'cause we're living for this night for so long now
Yes it's all, it's all right
Yes it's all, it's all right

We are living on
We are living on
(Hope)
(hope)
We are living on
We are living on
(Life)

(truth)
Until the day we die
Until the day we die

Lost and lazy floating through the dawn
Lost and lazy floating through the dawn
Twisting and turning in a hazy mist
Twisting and turning in a hazy mist
A guardian angel of silver and ice
A guardian angel of silver and ice
Sleeping, sinking in a stream of light
Sweeping, sinking in a stream of light

But it's all, it's all right now
But it's all, it's all right now
'Cause we're living for this night for so long now
'cause we're living for this night for so long now
Yes it's all, it's all right
Yes it's all, it's all right

We are living on
We are living on
