I see you in my memory as vivid as today
And I wonder do you see me in that same familiar way

Oh
Another place
Another time
We'll meet again and you'll be mine
Oh
'Cause nothing can compare to you and I

Wasn't it true
Do you remember like I do
(Wasn't it true)
Is it all tainted in your view
Could I just be a dream or two away from you
(Wasn't it true)

Now I know it was so special
(Every single way)
Every single way
(Yeah)
(Yeah)
You know I'd go right back there
(Straight back to then)
If you take me back today

'Cause I know there's no one to replace you in my mind

Wasn't it true
Do you remember like I do
(Wasn't it true)
Is it all tainted in your view
Could I just be a dream or two away from you
(Wasn't it true)

Do you remember
Well I remember

Do you remember
(Do you remember)
Well I remember

(Do you remember)

True

Do you remember like I do

(Wasn't it true)

Is it all tainted in your view

Could I just be a dream or two away from you

(Wasn't it true)

Yeah

Wasn't it true

So true

Remember like I do

I do

(Wasn't it true)

Is it all tainted in your view

Could I just be a dream or two away from you

(Wasn't it true)

Do you remember

(True)

(Remember like I do)

Well I remember

(Wasn't it true)

Do you remember

(Just a dream or two)

Well I remember

(Wasn't it true)

(True)

(Remember like I do)

(Wasn't it true)

(Just a dream or two)

(Wasn't it true)
