Whoo!

Have you ever wondered where the story ends and how
it all began
I do

Did you ever dream you were the movie star with
popcorn in your hand
I did

Do you ever feel you're someone else inside
And no one understands who you are

And wanna disappear inside a dream but never wanna
wake
Wake up

Then you stumble on tomorrow and trip over today

Would you be happier if you weren't so un-together
Would sun shine brighter if you played a bigger part
Would you be wonderful if it wasn't for the weather
You're gonna be just fine
(Gonna be just fine)

Are you not afraid to tell your story now but everyone is
gone
It's too late

Was everything you've ever said or done not the way
you planned
Mistake

And so you promise that tomorrow be different than
today

Would you be happier if you weren't so un-together
Would sun shine brighter if you played a bigger part
Would you be wonderful if it wasn't for the weather
You're gonna be just fine
(Gonna be just fine)

I think you're gonna be just fine
You're gonna be just fine
(Fine)
So don't worry baby
(Don't worry baby)

And you're racing for tomorrow
Not finished with today

Would you be happier if you weren't so un-together
Would sun shine brighter if you played a bigger part
Would you be wonderful if it wasn't for the weather
I think you're gonna be just fine
(Gonna be just fine)

Would we be happier if we weren't so un-together
Would sun shine brighter if we played a bigger part
Would we be wonderful if it wasn't for the weather
I think we're gonna be just fine
(Gonna be just fine)

I think you're gonna be just fine

Don't worry baby
You're gonna be just fine
Don't worry honey
You're gonna be just fine
Don't worry baby
You're gonna be just fine
