I still remember all that you are
This bitter _ still floats through my heart
A constant reminder that I can't erase
Still see your reflection and I'll never face
I am still bleeding for the words you say

Hold me down onto the ground
And it's never ending as I'm falling into pieces
Try to overcome what you have done
On the edge of breaking, suffocating
Are you happy now?

The seasons keep changing
Make it passing me by
Time is a feather,
Always leaves you behind
The sound of your voice is like a thorn in my side
You won't let me forget you
And I don't know why
I am still bleeding for the words you say

Hold me down onto the ground
And it's never ending as I'm falling into pieces
Try to overcome what you have done
On the edge of breaking, suffocating
Are you happy now?

I try to walk away, but you keep pulling me under, pulling me under again
I'm trying to escape, but thought keeps pulling me under again, and again, and again....

Hold me down onto the ground
And it's never ending as I'm falling into pieces
Try to overcome what you have done
On the edge of breaking, suffocating
Are you happy now?
