We were all once a kid and we went to mickey d's
we bought a happy a happy meal and everything would
freeze
we were waiting in the line knew everything was fine
cause i looked up at the "M" and saw the arch Shine

Blue And Black set as our true uniform
we're out of this world like we already transformed
where we formed into a type of don
beastin this track like we were king Kong
don't get me wrong, we better than wongs
mickey d's grub, breathin into your lungs
delicious food, served in many entree's
cant understand us now? we'll be speaking francais
(French)
bonjour voulez-vous coucher avec moi ce soir
we true players, discriminate for haters
my heart le cour colour noir
get skittles, vanilla, chocolate, rolo
if we had horses on our shirts, we'd be runnin this shit
polo
for the cop we get monopoly money, I'M Lovin' IT
we're a billion dollar industry, so caked up
that Pillsbury thinks were the ones running pastry's
