Yeah, this right here  
Is goin' out to all them girls out there.  
That did me 'n South wrong.  
Ya know?  
Tell you a lil' story its the reason

[Chorus]  
Love, - hate, - mistakes  
Tell me what you think is goin' on  
de-bates all - day  
Tell me what you think is goin' on  
Too - late, heart - break  
Tell me what you think is goin' on  
Whats going on, whats going on

Eh yo, Me and miss thang  
We run a perfect team  
We had all the things all them other couples fiend  
Love, trust, good sex, and security  
If you ever felt weak Smilez was your energy  
Trips across seas  
Show you the finer things  
No more Burger King It was fine dine, cuisine  
And if we never had it  
I dont think it mattered  
We were a classic like Nas in Illmatic  
I was so deceived  
I thought we had a thing  
You used to blow my 2 way up wit 143's  
Da L-O-V had me blind I would had of seen  
I trusted my friends, all they were yellin at me  
How could you do me so wrong  
I dont wanna get dogged  
I invested three years ma, plus this song  
I'm so confused  
Where to go? How do I choose?  
I guess to find real love I gotta pay my dues

[Chorus]

It seemed so good  
Yo we used to chill in the hood

You made me feel that tingle in my heart  
Like no body could  
And all the long we stood  
When times was hard  
Even before all this rap shit made me a star  
When I was workin two jobs  
Just to survive  
When I felt like killin myself  
You kept me alive  
What a pair, me n you, we was a match  
Different taste, but you know opposites attract  
By my side, held my head and kept me strong  
Still trying to figure out  
Where the hell we went wrong  
I did what i can, young cat bein a man  
Stayed and weathered the storm  
When most would of ran  
Too much pride, and you know men dont cry  
Had to let you go even though it hurt inside  
All by myself  
Now I had to turn to these rhymes  
Its the only way I know to release my mind

[Chorus]

Its been a while  
Yeah you know time goes fast  
Let me tell you though  
Some things still dont pass  
Sit back in the pad  
Think about the times we had  
Try not to let it make me sad  
Or make me mad  
Im tryin to move on with my life  
The wound is healed  
Yeah Im just speakin it real  
Im ready to feel  
Ready to provide for my seed, a man now  
Bet you cant believe its me

You ruined a good thing  
And all of our dreams  
Tryin to lock me down a life time in the beam  
Monitorin' my calls, grippin at my dawgs  
I never really understood the cause  
My friends were your friends  
Your friends were my friends  
Your doe was my doe  
My doe is my doe  
Mano E Mano  
WeÂ'll fought this weather

And everybody that been through it  
Then sing it together (come on)

[Chorus]  
Whats goin' on Whats goin' on  
x2
