I don't think you know me, like you think you do,  
Your dirty little secrets are hard to keep inside.  
Rumours start like this and they start to spread like a  
wild fire,  
So maybe next time, I won't catch you.

Lie to me, I dare you one, more time,  
Can't you see you have to do this carefully?  
Who will I be if you carry on?  
Lie to me, 'cause in my eyes you always will be the...

Liar!  
Liar!

You've jumped into defense now, thus proving me I'm  
right,  
The danger of defeat won't go by covering your eyes.  
I'd love you to come clean, but you've got dirty little  
knees,  
And you push me and shove me 'til I can't take it and I  
go and explode!

Lie to me, I dare you one, more time,  
Can't you see you have to do this carefully?  
Who will I be if you carry on?  
Lie to me, 'cause in my eyes you always will be the...

Liar!  
In my eyes you always will be the liar.

Prove me right, you always do,  
Prove me right, you always do,  
Prove me right, you always do,  
Prove me right, you always do,  
Prove me right, you always do,  
Prove me right, you always do,  
Prove me right, you always do,  
Prove me right, you always do!  
You always do! You always do!  
You always do!

Lie to me, I dare you one, more time,  
Can't you see you have to do this carefully?  
Who will I be if you carry on?  
Lie to me, 'cause in my eyes you always will be the...

Liar!
