GO!

How can you live with yourself?  
How can you live with your guilty conscience?  
Take a look in the mirror,  
And you'll see nothing but a fucking liar!

Can't breathe! Can't sleep! Can't think!  
How do you live with yourself?  
Can't breathe! Can't sleep! Can't think!  
There's no hiding! There's no escape at all!  
Can't breathe! Can't sleep! Can't think!  
There's no running away from this!  
Can't breathe! Can't sleep! Can't think!  
I can't wait for the day to watch you fall!

I CAN'T WAIT FOR THE DAY TO WATCH YOU FALL!

DECIMATE!

I CAN'T WAIT TO WATCH YOU FALL!

Can't breathe! Can't sleep! Can't think!  
How do you live with yourself?  
Can't breathe! Can't sleep! Can't think!  
There's no hiding! There's no escape at all!  
Can't breathe! Can't sleep! Can't think!  
There's no running away from this!  
Can't breathe! Can't sleep! Can't think!  
I can't wait for the day to watch you fall!

How can you live with yourself?  
How can you live with your guilty conscience?  
Take a look in the mirror,  
And you'll see nothing but a fucking liar!

YOU'RE NOTHING BUT A FUCKING LIAR!

DECIMATOR!
