Through your teeth will my desire
Give life to this sickening perversion
This distortion of passion
Oh, how this infernal evening hath
Surrendered the beat of my heart

With every lacerating breath
Do my veins swell in eager await
Devour me, I beg of you in quickened breath
My flesh enveloped in this most
Disgusting forms of mortal indulgence

Do not deny me pleasure
For we now unabridged will be complete
As I shall rest inside of you forever
In orgasmic captivation
Am I pleased with such voracity

Let go your moral anchor and descend beside me
Our hands in flesh made metaphor, entwined forever
This love I have offered in banquet be yours
The entombment within my only desire

The beating of your frail heart
To serenade the sleepless nights
My hands around your throat
Your teeth embedded in my flesh
I am enthralled in vile lust
Let your desire consume me
