Everywhere I go all the places that I've been
Every smile is a new horizon on a land I've never seen
There are people around the world - different faces
different names

But there's one true emotion that reminds me we're the
same...

Let's talk about love

From the laughter of a child to the tears of a grown
man

There's a thread that runs right through us all and
helps us understand

As subtle as a breeze - that fans a flicker to a flame
From the very first sweet melody to the very last
refrain...

Let's talk about love

Let's talk about us

Let's talk about life

Let's talk about trust

Let's talk about love

It's the king of all who live and the queen of good
hearts

It's the ace you may keep up your sleeve - till the name
is all but lost

As deep as any sea - with the rage of any storm
But as gentle as a falling leave on any autumn morn...

Let's talk about love - it's all we're needin'

Let's talk about us - it's the air we're breathin'

Let's talk about life - I wanna know you

Let's talk about trust - and I wanna show you

Let's talk about love
