Somewhere past midnight
When the moment is just right
We ride the streets of desire
We take it slow and
Always get where we're goin'
'Cause where there's smoke there's a fire
There's no deying
We don't need to keep trying
Let's face the music and dance
Well it's all semantic
What we never say
But what we feel ain't goin' away...
So I wonder - how could we be feeling
More than this
Tell me true
What it is, 'cause
Something has to make us feel this way
Love by another name
Doesn't matter 'cause it's still the same love
Won't depend upon the words we say
Love by another name
Something happens when we're making love
Si ce n'est pas l'amour
Qu'est-ce que c'est?
We're superstitious
When every day is like Christmas
It should be left undisturbed
No promise spoken
Hearts don't have to get broken
More than a four letter word
If we're just pretending
We can write a new ending
If we don't like where it leads
Well it's new romantic
Action over words
The sweetest nothing that I've heard
I can't tell you everything I'm feeling
More than this
Do you know
What it is, 'cause
I know that I can't describe

What I'm feeling inside
Maybe I'll learn
I guess I live with the fear
This could all disappear
If I try to put it in words
