Written By: Corey Hart

I would walk to the edge of the universe for you  
Paint you a crimson sunset over sheltering skies  
I could learn all the world dialects for you  
Whisper sonnets in your ear discovering truth  
I could never worship pagan gods around me  
I will only follow the path that leads me to you baby...

always

Every step I take for you

I will always defend, never pretend

That every breath I take for love

I could never be wrong, the journey is long

With miles to go before I sleep, miles to go before I  
sleep...

I would carry the rock of Gibraltar just for you

Lifted like a pebble from the beach to the skies

I could build you a bridge that spans the ocean wide

But the greatest gift I give you would be to stand by  
your side

Some can criticize and sit in judgment of us

But they can't take away the love that lives inside us  
always

Every step I take for you

I will always defend, never pretend

That every breath I take for love

I could never be wrong, the journey is long

With miles to go before I sleep, miles to go before I  
sleep...

I won't run from the changing signs along the highway

Let the rivers flow to the highest ground created
