In these moments, moments of our lives
All the world is ours
And this world is so right
You and I sharing this time together
Sharing the same dream
As the time goes by we will find
These are the special times
Times we'll remember
These are the precious times
The tender times we'll hold in our hearts forever
These are the sweetest times
These times together
And through it all, one thing will always be true
The special times are the times I share with you
With each moment, moment passing by
We'll make memories that will last all our lives
As you and I travel through time together
Living this sweet dream
And every day we can say
These are the special times
Times we'll remember
These are the precious times
The tender times we'll hold in our hearts forever
These are the sweetest times
These times together
And through it all, one thing will always be true
The special times are the times I share with you
These tender moments
When heaven is so close
These are the moments that I know
These are the special times
Times we'll remember
These are the precious times
The tender times we'll hold in our hearts forever
These are the sweetest times
These times together
And through it all, one thing will always be true
The special times are the times I share
Are the times we share, are the times I share... with you
Special times I share with you
