"Evening Dress"

Visit "[Evening Dress](#)" on MotoLyrics.com

I've been waiting for you all my life
And now that you are here I can't believe
How wonderful it is to be by your side
To see you in the light

CHORUS

In your evening dress tonight

Every time I think you've gone away
There's only one thing left on my mind
And every time I think about your pretty face
My arms around you tight

CHORUS

Time after time-you've put up with me
Time after time-I've refused to see
Time after time-you're in misery
But what more can I do?

I've been thinking about you all day long
And now that you are here, I can't believe
And now I know that I would give up everything
To see you in the light

CHORUS
