Ran into a friend I used to know yesterday
It's alright, it's alright, it's alright
Used to have a lot, but there was nothing to say
Then he said take your time and goodnight

CHORUS

It's alright if you want to come home
It's alright if you're better alone
Since you left yesterday
Black and white has turned grey
It's alright

Wake up morning coffee and there's nothing to say
I am cold in the bed in the night
Had a lot of fun but that won't change yesterday
Don't you know I still leave on the light?

CHORUS

The s&me; old story, gotta hear it again
I keep on bringin' you down
It makes no difference what a fool I've been
The world keeps turning around
The world keeps turning around

CHORUS

Ran into a girl I used to know yesterday
It's alright, it's alright, it's alright
Used to have a lot, but there was nothing to say
It's alright, it's alright, it's alright

CHORUS
