"Love Is Gone"

I've been hearing conversations
About the way the world should be
Even with communication
There would still be greed, believe me

The word is out now
Did you hear it?
Love is gone

Take away imagination
From the news you see on TV
I can feel it change a nation
Youthful ideologies

The word is out now
Did you hear it?
Love is gone

Love is gone from this world
Love is gone, have you heard?
Love is gone, gone, gone

People showing no emotion
For the streets with violence raging
All you see is mass confusion
You can hear the sirens screaming

The word is out now
Did you hear it?
Love is gone

Can you feel the rise of tension?
While you're living carefully
Counting all the lies, deceptions
Looking for apologies

The word is out now
Did you hear it?
Love is gone

Love is gone from this world
Love is gone, have you heard?

Love is gone, gone, gone

Love is gone from this world
Love is gone, have you heard?
Love is gone, gone, gone

Love is gone from this world
Love is gone, have you heard?
Love is gone, gone, gone

Gone, gone
Gone, gone
