I am lost somewhere I do not know  
This is not the place I meant to go  
And they told me before it was so  
It was miles from nowhere

I was never meant to be alone  
If I make it back I'll stay at home  
Always told me that I should not roam  
I'd be miles from nowhere

Miles and miles left to go  
Miles from anything we know

You took your love away from me  
You left me here for all to see  
Never mind the pain inside  
You're gone and I am miles from nowhere

Now you tell me that I should not hate  
Just resign myself to such a fate  
And they told me that I was too late  
I was miles from nowhere

Miles and miles left to go  
Miles from sky and road below

You took your love away from me  
You left me here for all to see  
Never mind the pain inside  
You're gone and I am miles from nowhere

Miles and miles left to go  
Miles from anything we know

You took your love away from me  
You left me here for all to see  
Never mind the pain inside  
You're gone and I am miles from nowhere

I am lost somewhere I do not know  
This is not the place I meant to go  
And they told me before it was so

It was miles from nowhere

Miles from nowhere

Miles from nowhere

Miles from nowhere

Miles from nowhere

Miles from nowhere

Miles from nowhere
