Some other guy now
Is taking my love away from me, oh now
Some other guy now
Is taking away my sweet desire, oh now

Some other guy now
I just don't wanna hold my fun, oh now
I'm the lonely one
As lonely as I can feel alright

Some other guy
Is sipping up the honey like a yellow dog, oh now
Some other guy now
Has taken our love just like a hog, oh now

Some other guy now
Has taken my love away from me, oh now
I'm the lonely one
As lonely as I could be alright now
Oh, oh, oh, oh, oh no

Some other guy
Is making me very, very mad, oh now
Some other guy now
Is breaking my padlock off my pad, oh now

Some other guy now
Took the first girl I ever had, oh now
I'm the lonely one
As lonely as I can feel alright

Oh, no, no, no
I'm talking to you right now
Hey, yeah
