I was throwing away what I needed most

It was the Father, Son and the Holy Ghost

A little carnal knowledge is a dangerous thing

It'll eat a hole in the brain

I'd be the biggest fool in the whole universe

To trade a heavenly blessing for a worldly curse

I was a weaker man 'til I made my stand

Now I am here to make a change

Chorus:

I'm running blind on the wheels of faith

Moving to the beat of a hear the prayers

Hangin' on every word you said

I get a little stronger every day

Ain't gonna find any help on the T.V.

Or written down on the pages of People Magazine

It takes digging a little deeper into the Good Book now

For a little sacred advice

Repeat Chorus

Bridge:

Getting strong, stronger now, every day

Getting strong, stronger now, every day

I'm getting stronger

Repeat Chorus
