How Long Will Be Too Long

=====

How long will we grovel the feet of wealth and power

How long will we bow down to that golden calf

How long will be too long

How long will we curtsy to the whims of new religion

How long will we water down the truth

Until truth is no more

How long will be too long

The power of faith and love

Can change the stuff we're made of

But still we wait

How long will be too long

How long will we drink from the chalice of indifference

Neither be hot or be cold

Can a sober soul know

How long will be too long

Is there power of faith and love

Than cursed dust to dust

I feel my hope fading

How long will be too long

How long will we travel from the ways that God
intended

Won't it all tumble down if His holy wrath comes

How long will be too long

The power of faith and love

Can change the stuff we're made of

When will it be too late

How long will be too long *3
