I am Sure

by Michael W. Smith

on Micheal W. Smith 2 (1984)

Looking at the future

Who can tell you what is going on

It seems we have become

A generation of wars and bombs

And the heart grows weak

And the fear grows strong

But the day may come

And it may not be very long

And you want to run

But you don't know where

So where do you go

I know

Chorus:

And I tell you

I am sure there will be a day

But it will not be like the nations say

The Lord will come

When this life is through

And His deep desire is to be with you

Hearts will fly

When the new world starts

And joy will rise

Like the morning star

God will meet every cry of the heart

And it's my prayer

I want you to be there

I like to think about the new creation

Things that God will do

So every now and then I stop and close my eyes

I enjoy the view

And the heart grows strong

And the fear grows weak

And I can not wait

For the new world to come to me

And while I dream

Oh, I'll pray for you

'Cause He wants you to know,

I know

Chorus

Chorus

I am sure

That the Lord will come

I am sure

That his deep desire is to be with you

He wants you to be there

I am sure

That the Lord will come

I am sure

That his deep desire is to be with you
