Love Crusade

=====

Brother, haven't you noticed

There's a war on the soul of man

Hey there, sister

The world is reaching

It could use a helping hand

So come on

No dues are needed

Just a kind heart will be enough

There's a hunger

But you can feed it

Sign the card and join the club

We are drawing from an ancient solution

We're embarking on a new regime

We are calling for a new revolution

Be a part of the parade

Get on the Love Crusade

La la la la ...

Jesus said love your neighbour

Like you would love yourself

Get together

Do Him a favour

Give your love to someone else

Just a little sets the wheels in motion

A little more and we could change the world

You can shine a light if you have the notion

So get out of shade

Get on the Love Crusade

La la la la ...

Come on everyone

There's a lot that can be done

At little love can go a long, long way

So rise to the occasion

Of a radical invasion

Don't let the world go down in flames

Fight the fire with a fire

Push it to the limit

And be a renegade

Light a fuse - make a spark

Try to penetrate a heart

There's a burning need to fill

the world with love

Love is kind, love is sound

It makes the world go round

So keep it turning

There could never be enough  
Now hatred, It'll spoil the feast  
That's the nature of the beast  
So don't ever let your heart be swayed  
Draw the sword, slay the dragon  
Get on the bandwagon  
And be a fighter on the Love Crusade
