Love in the Light

by Michael W. Smith & Deborah D. Smith

on Project (1982)

Darkness thick and heavy

Blackness and steady screaming darkness

Anyone who hates his brother

Who plans evil for another

Lives in darkness

Sonlight, warm and shining

Purifying, welcome Sonlight

Everyone who loves completely

With a heart htat opens freely

Walks in Sonlight

Chorus:

Let us love in the light

For love is from God

If we love what is right

We show whose we are

In a world of the dying

We're living our parts

If we love in the light

With all of our hearts

Blindness, terrifying, left for dying, spirit blindness

Anyone who thirst for evil plots

His very own upheaval

Lost in blindness

New sight, truth unending, faith unbending, new sight

Everyone who seeks the Father leaves the world

And all its bother

Sees with new sight

Chorus

Repeat Chorus
