Love One Another

by Michael W. Smith & Wayne Kirkpatrick

on Change Your World (1992)

I had a dream that I was speaking

With a prophet from the land of wise

In a crowd of people from the land of troubled hearts

I said "We've come here for answers--

A solution to the world's demise"

He said the journey would be long

But here's where you start

Chorus:

Love one another

Love one another

Work it in to work it out

There could never be enough

Love one another

Love one another

'Cause you know without a doubt

You can change your world with love

It was a simple conclusion

But I thought it was rather profound

Just a fundamental law that we should all live by

I took it in to tomorrow

Yea, I walked the earth but never found

Any corner of the world

Where this did not apply

Chorus

Bridge:

And looking out I saw no method to the madness there

Like in a vision from the Isle of Patmos, I was scared

It was a revelation

Love is getting rare

Verse:

The people of the land united

And in my dream we all agreed

That we should start again

And this would be our creed...

Chorus
