"I Am Human"

I am the sun
I am the Earth
All the shyness that is criminally bulgar
And some of them
Are nothing in particular

You shut your mouth
How can you say
I go about things the wrong way?
I am human and I need to be loved
Just like everybody else does

It's just sad that you have to go
You could be somebody
That really loves you
So you go and you stand on your own
And you go home
And you cry and you want to die

And you say it's gonna happen now
But when exactly do you leave?
See, I've already waited too long
And all my hope is gone

You shut your mouth
How can you say
I go about things the wrong way?
I am human and I need to be loved
Just like everybody else does
