Why can't i keep your love  
just being happy ain't enough  
I would change my life so that i am what you want  
Where did it all turn bad, have you forgotten what we had  
If who you want just isn't me, then tell me who i'm meant to be  
Give me a chance to make things right  
'cause i won't give in without a fight

I'll be your Superman  
I would hold you in my arms and fly across the land  
Don't you see that i could be your Superman,  
showing you my love in every way i can

I'd fly around the world a million times to make a fresh start for you and me  
and erase all the mistakes.

I won't accept i've lost  
And i won't accept the cost

This time i'm right so let love take its course  
Now we've come this far,  
let me show you each and every star  
Give us a chance and hold on tight

Let's start a new and let's take flight  
I won't ever let you fall,  
'cause without you I'm not Superman at all

I'll be your Superman  
I would hold you in my arms and fly across the land  
Don't you see that i could be your Superman,  
showing you my love in every way i can

I'd fly around the world a million times to make a fresh start for you and me  
and erase all the,

I don't know what i've done to make this heart ache of mine  
I want you to love me for who i am until the end of time

I don't know who i'm meant to be so that you will love me too  
maybe it's time i faced the fact  
that i should get over you

I'll be your Superman  
I would hold you in my arms and fly across the land  
Don't you see that i could be your Superman,  
showing you my love in every way i can

I'd fly around the world a million times to make a fresh start for you and me  
and erase all the mistakes
