No, no, no, no

I did not become someone different  
I did not want to be

But I?m new here  
Will you show me around?  
No matter how far wrong you've gone  
You can always turn around

Met a woman in a bar  
I told her I was hard to get to know  
And near impossible to forget  
She said I had an ego on me, the size of Texas

Well, I?m new here and I forget  
Does that mean big or small?  
No matter how far wrong you've gone  
You can always turn around

And I?m shedding plates like a snake  
And it may be crazy  
But I?m the closest thing I have  
To a voice of reason

Turn around, turn around, turn around  
And you may come full circle  
And be new here again
