

Smog "Left Only With Love"

Visit "[Left Only With Love](#)" on MotoLyrics.com

I?m left only with love for you
You did what was right to do
And I hope you find your husband
And a father to your children

?Cause I?m left only with love for you
You did what was right to do
And I hope you find your husband
And a father to you children

When I lost you, I lost my family
You did what was right to do
And I hope you find your husband
And a father to your children

?Cause I?m left only with love for you
You did what was right to do
An I hope you find your husband
And a father to your children
