Uh I think I'm big meech, Kanye West
Interrupting you suckers to tell you I'm the best,
So all you rhymers out there grindin' get to slip and
sliding
I'ma go Osama on 'em, better get to hiding
Talk is cheap and yours? I ain't buying
Yeah broke, it down so easy when I'm writing
So high when I ain't flying, no bark but I do be biting
I am a lion, you won't survive him you ain't like Daniel
from the Bible
Yeah I write all, lyrics that you hear know that I merk
They've been sleeping on me too long, night nurse
And I'm a prick, so your bubble? yeah I might burst
Electrician flow bro this is light work
Plus not to mention my age boy, 1-6
Down south flow but just remember I'm a Brit
You know this track does remind me of life
I just keep on doing me and later let that drama switch,
ha
D.A. don't talk my name like it's taboo
Some consider me to be blessed, achoo
I got the listeners going nuts, cashew
I tell these other haters "die son," vacuum
The flow is just too much to consume
Raining down like a monsoon they better put me on
soon
If not? Then I'ma stampede with beats
And be known forever like a Martin Luther speech
This is peak for you weak rappers
Hide behind the money and you're always quick to
acting
Kinda funny, life's a bitch and mine ain't attractive
Keep it 100 for the most but I'm a hater magnet
Man this is fire with no pen I write with lighted
matchsticks
Yeah that sick, it's that quick the track spins and
backflips
And that's it, yeah
ThisisDA don't forget it when I said it
Walking all over you rappers like a t-t-t-terrace, yeah
