He's really nice but much to old for her

She didn't like to be that cruel

If different scars had not shone through to her, she
might be labeled a fool,

Ahhaa, Ahhaa, Ahhaa,

She really nice but I've not said everything,

She like a line that pulls these strings here on fizzin' up
every inch of her, she might be livin' her dreams, she
might be livin' her dreams, there really nice, there
really, there really, there really nice,

Its really nice fallin' into place, its really nice to be you,

Its really nice falling, fade away,

Ahhaa, Ahhaa, Ahhaa,

Ahhaa, Ahhaa, Ahhaa,

I'm feelin' low, I feel my insides burn

Like to take a chance with you now if you could
reconsider me,

I'll be just for you, I'll be just for you,

And really nice,

And really, and really, and really nice,

Its really nice fallin' into place, its really nice to be you,

Its really nice falling, fade away,

Ahhaa, Ahhaa, Ahhaa,

Wish everyone was just like me,

Wish everyone was what they seemed,

Wish everyone took my advice,

Wish everyone was really nice,

And really,

Its really nice falling into place,

Its really nice to be you,

Its really nice fallin' fade away,

Ahhaa, Ahhaa, Ahhaa,

ahaa, aha, aha, aha, aha, aha, ahhaa, aha, aha, aha,
aha, aha,

aha, aha, aha.
