This must be underwater love
The way I feel it slipping all over me
This must be underwater love
The way I feel it

O que que Ã© esse amor, d'Ãgua
Deve sentir muito parecido a esse amor
This is it
Underwater love
It is so deep
So beautifully liquid

Esse amor com paixÃo, ai
Esse amor com paixÃo, ai que coisa

After the rain comes sun
After the sun comes rain again
After the rain comes sun
After the sun comes rain again

This must be underwater love
The way I feel it slipping all over me
This must be underwater love
The way I feel it

O que que Ã© esse amor, d'Ãgua
Eu sei que eu nÃo quero mais nada

Follow me now
To a place you only dream of
Before I came along

When I first saw you
I was deep in clear blue water
The sun was shining
Calling me to come and see you
I touched your soft skin
And you jumped in with your eyes closed
And a smile upon your face
VocÃa vem, vocÃa vai
VocÃa vem e cai
E vem aqui pra cÃi

Porque eu quero te beijar na sua boca
Que coisa louca
Vem aqui pra cá
Porque eu quero te beijar na sua boca
Ai que boca gostosa

After the rain comes sun
After the sun comes rain again
After the rain comes sun
After the sun comes rain again
Cai cai e tudo tudo cai
Tudo cai pra lá e pra cá
Pra lá e pra cá
E vamos nadar
Y vamos nadar e tudo tudo dá

This must be underwater love
The way I feel it slipping all over me
This must be underwater love
The way I feel it
Oh oh d'Água we are full

Underwater
Oh underwater love
This underwater love
This underwater love
Underwater love
