With you I felt love  
With you I felt pain  
With you I was me  
And a bit of you too

Inhaling and being inhaled  
In an all or nothing situation

If I tried to say no  
My heart said, "Yes"  
If I tried to disguise it in my voice  
My eyes gave me away

And so we became one  
In a mad love of so no limits

Ah, to let my love go, to let it go  
Ah, to let my love go, to let it go

The fear of separation  
Became an obsession  
Jealousy and jealous things  
Into the passel tumbled down

And now our love is turning to smoke  
But I can smell it in my touch  
I finally became a flame  
That will never go out

Ah, to let my love go, to let it go  
Ah, to let my love go, to let it go

Ah, to let my love go, to let it go  
Ah, to let my love go, to let it go

With you I felt love  
With you I felt pain  
With you I was me  
And a bit of you too

Inhaling and being inhaled  
In an all or nothing situation

Yes I began to dream of you my owns  
Performs the stream of your vogue [unverified] call  
Knowing you today we no longer live on, no

Tudo tudo tudo o nada  
Nada nada nada nada  
Tudo tudo tudo o nada  
Quase nada nada nada

All or nothing tudo  
All or nothing tudo  
All or nothing  
Nothing nothing

Butchupara, tudupara  
Tudo o nada? Tudo para  
Tudo, tudo para
