The midnight blue experience

Pull it richin

I like that
Now in the pocket
That's how we post to be

Hook:
You can get who you wanna get
He can have bill, talk shit
But I barely can speak like this
I do it like no other no other, no other,
I do it like no other, no other, no other
I don't mean to brag but I'm so grip when I let it grip
Never sleep get a grip and my records don't skip
I do it like no other no other, no other,
I do it like no other, no other, no other
I do it
Midnight blue, midnight blue, midnight blue, work

All I see is me no degree solo key
Show em how the flow supposed to go I know that you agree
Talking shit when I hit them nigga spit I follow sneak
Got a crumble for you... all the thing before you speak
Whenever I proper all I hear is gossip
Bout who did got locked up, traffic in that prada
Out of mine 'cause I'm out of sight well I'm right alright
Damn it I am not a mumi no, I ain't rap type
F*ck your image, need me at the line of screamage
My style is vintage the sky is the limit
Famous blowin out the dust, now let me readjust
Your girl on my penis 'cause I'm a genius
State of rain man I go every reach your way
So when I busta rhyme my life is a ricochet
Now watch me over take over the planet like I planned it
I dog hip hop poppin open the cast you can get who you rhymin

[Hook:]

Don't front girl you know I got you open wide
All jokes beside she weather than the ocean tie
See I get better with time like some fine wine
My mind Einstein ain't got no guide lines
Even with no instruments they beg me
They say I sign great I'm like my sentiments exactly
Rather then getting slayed by a label
I just go independent and get paid under the table
Old friends say I'm trippin but I ain't that clumsy
I guess in my position they expect to act funny
My nigga love sit all the alcohol that's kinda hard to
swallow
Not that's what I call a message in the bottle
When I'm holding the mike I feel like the main
attraction
Even if I ain't I still expect to get the same reaction
I hear other rappers music and I don't get excited
But that don't mean I dislike it I just do it like no other

[Hook:]

I could take you to the midnight blue
Let me take you to the midnight blue
Let me take you to the midnight blue
Uh, let me take you to the midnight blue
Let me take you to the midnight blue, uhh
Let me take you to the midnight blue
Let me take you to the midnight blue
Let me take you to the midnight blue, midnight blue
Let me take you to the midnight blue, midnight blue
Let me take you to the midnight blue
