It's not easy to explain
The way I feel for you
Though sometimes I cause you pain
But never meaning to
I could never hurt you
Without hurting myself
Cos you're part of me now
Part of me like nobody else
And I just pray every day
Nobody takes you away
Cos I need you
And no one could love you more

Now I'm sure, now I'm sure
I'm through with all those years
Of wandering
I made you cry
But dry your tears
Cos now I'm sure
Now I'm so sure
I know I'll never need
Somebody more
Cos you're the one
I've waited for
And now I'm sure
